Publicity

Please answer the following questions on a separate sheet of paper. TYPED! Do not send it to us electronically. If you don't have ink for you printer....get some

1. Describe what a good crew head does.
2. What qualities will you bring to this production
3. What (if anything) have you learned this year from watching other crew heads (or great things or mistakes that YOU have made) that will aid you as a crew head?
4. What would you do to improve the communication between your crew, stage management and directors? BE SPECIFIC!

I understand if picked as a crew head or assistant crew head, I will possibly need to meet with the directors and technical director periodically to show progress. I will need to attend rehearsals, schedule work days, and manage the crew once picked

Date \_\_\_\_\_

Parents: I understand that if my student is chosen for one of the crew head or assistant crew head positions that they are required to be at some rehearsals, pre-production meetings and all performances. There may be late nights running up to any and all productions.
